

Home Builder's Certification

Lot _____ Block _____ Addition _____, Lawton, Oklahoma

Address: _____

I certify under penalty of law that I have read and understand the terms and conditions of the general National Pollutant Discharge Elimination System (NPDES) permit that authorizes the stormwater discharges associated with construction activities from the construction site identified as part of this certification.

The Builder hereby certifies that he assumes all physical and monetary responsibility to avoid or eliminate any actual or potential adverse effects upon the environment pertaining to the property listed above. The Builder also certifies that he understands that the continued construction activity covered under the Storm Water Pollution Prevention Plan and that this certification releases the Builder from filing a separate NOI for construction activities on this lot. The Builder also agrees to adhere to all Stormwater requirements as shown on approved plans.
