PURPOSE OF AGREEMENT

Pursuant to the requirements of the Municipal Employee Collective Bargaining Act (MECBA), established in 11 O.S. §51-200 et. seq, the purpose of this Agreement is to promote harmonious relations, and understanding between the City of Lawton and Local 3894 of the American Federation of State, County, and Municipal Employees (AFSCME), an affiliate of the AFL-CIO, and to comply with the duties and obligations of MECBA.

ARTICLE 2

RECOGNITION

Section 1. Union Recognition

The City of Lawton, hereinafter referred to as the City, recognizes Local 3894 of the American Federation of State, County, and Municipal Employees (AFSCME), AFL-CIO, hereinafter referred to as the Union, as the exclusive Bargaining Agent for those employees in positions that are within the established AFSCME bargaining unit as certified by the Public Employees Relation Board and in accordance with the Municipal Employees Collective Bargaining Act.

It is not required that an employee working in a recognized bargaining unit position become a member of Local 3894, AFSCME, AFL-CIO. The bargaining agent agrees to represent all eligible employees, whether a member of said local or not, on all matters covered by this agreement, in accordance with the provisions of the Oklahoma Municipal Employees Collective Bargaining Act.

Section 2. Employer Recognition

The bargaining agent hereby recognizes the City of Lawton as the employer, acting by and through its duly authorized representative(s).

ARTICLE 3

UNION SECURITY

Section 1. Dues Check off.

A. The City, upon receipt of written authorization on an approved form signed by the eligible employee and submitted by the Union, agrees to deduct the employee's union dues from the employee's bi-weekly wages. It is understood that the dues deducted by the City shall be used by the Union for only purposes authorized by the Oklahoma Municipal Employee Collective Bargaining Act (MECBA).

B. The City agrees to remit all deductions to the Union's designated Treasurer bi-weekly less an administrative fee of half of one percent (.5%) of all deductions which shall be retained by the City to cover the cost of administering the dues check off program. City also agrees to have a copy of the dues deduction deposit slip and the deduction report ready for the Union by the end of the business day on the next Tuesday following the payday Friday: i.e. the City's payroll clerk will place it in either the mail or interoffice distribution to whomever the Union identifies by this deadline, or if the Union prefers the Union may upon notification to the payroll clerk pick up the deposit slip and deduction report in the payroll clerk's office by this deadline. The parties further agree that the deadline referenced in this paragraph will not apply when time between the payday Friday and the next Tuesday includes a City holiday or when the payroll clerk is absent from work either the Monday or Tuesday following a payday Friday.

C. The payroll deduction authorization may only be suspended or revoked by the union upon giving a seven (7) calendar day's written notice to the City signed by a member of the Union Executive Board.

D. The City will deduct only union dues from the employee's paycheck and will not deduct initiation fees, special assessments, fines or any other union related deductions.

E. In the event of an increase or decrease in union dues the Union will give the City thirty (30) days notice in order to allow the City time to make proper changes in its accounting records.

F. No deduction will be made when the salary to be paid an employee is not sufficient to cover the amount to be deducted.

G. All deductions refundable at the time of termination, resignation or retirement of an employee will be refunded by the Union. In the case of an error, or if an improper deduction is made by the City, a proper adjustment of the same shall be made by the Union to the employee affected.

H. The Union shall indemnify, defend and hold the City harmless against any claims made and against any lawsuits initiated against the City based on payroll deductions of union dues.

Section 2. Copies of Agreement.

Within thirty (30) days of the contract's ratification by both parties the City will (1) provide the Union one electronic copy of the contract on a Compact Disk in a Microsoft Word format and (2) provide eight (8) paper copies of the contract for the Union Executive Board. The City will also within a reasonable time after the contract's ratification by both parties post a read-only copy of the contract on the City's website.

ARTICLE 4

NON-DISCRIMINATION

Non-Discrimination.

Both the union and city agree that they will comply with all Federal and State statutes regarding discrimination in employment. Any alleged violation of this provision shall be adjudicated by the appropriate state or federal agency or state or federal court. This provision shall not be subject to the grievance procedure of this agreement.

ARTICLE 5

INTRODUCTORY/PROBATION PERIOD

Section 1.

All new employees shall serve a minimum six (6) month introductory/probationary period as established by the city to determine if the new employee meets the qualifications of the position, as provided for in O.S. 11 Section 51-205 and will be a good fit within the organization. During said introductory period the employee will be considered an at will employee and shall be entitled to all privileges of this Agreement except that the employee shall not be entitled to grieve disciplinary action, if any, under the provisions of Article 17 of this Agreement.

Section 2.

An employee promoted or laterally transferred to a new position shall serve a minimum promotion/transfer probationary period of six months. During this period, the employer shall determine the employee's capability of performing in the new position. If the employer determines that the employee is unable to perform the duties of the new position, the employee shall be returned to the vacated position held prior to promotion or lateral transfer, or placed in a position as similar as possible to the vacated position. All benefits and seniority shall be restored to the employee returning to the vacated or similar position.

If as a result of the three month evaluation the employee receives either an "above-standard" or an "outstanding" overall ranking and it is determined by the department director that the employee exceeds expectations, the department director with city manager approval may waive the remainder of the promotion/transfer probationary period for such employee. Waiver of the remainder of the promotion/transfer probationary period shall not reduce the time period for the limitation set forth in Section 4 of this Article.

Section 3.

A regular employee who has a change of job classification that does not result in a pay increase shall not serve a promotion/transfer probationary period.

Section 4.

All employees serving in an introductory/probationary period or a promotion/transfer probationary period shall not be eligible to apply for or be considered for another city position until completion of the said periods.

Section 5.

The six month introductory or promotion/transfer probationary period may be extended by no longer than the accumulated absences of the employee during such probationary period.

The employer and employee may mutually agree to extend the applicable probationary period for an additional ninety (90) days. The determination of whether or not to extend a probationary period shall not be subject to the grievance arbitration provisions set out in Article XVII of this agreement.

Section 6. New Employee Orientation

1. The City will provide a list of employees hired who are eligible for the bargaining unit within one week of the orientation day.
2. Union representation will be allowed to be available at the conclusion of the orientation to speak with employees on their lunch break. Neither the union representative nor the employees will be on City work time. The employees' decision to meet with the union representative shall be optional.

ARTICLE 6

SENIORITY

Section 1.

Seniority shall mean the length of continuous service with the City, as a general employee, excluding any service years where an employee was represented by a different Bargaining Agent/Representative and covered by a collective bargaining agreement.

Section 2.

Seniority as defined in Section 1 of this Article shall only be applicable as indicated in Articles 5, 7, and 8 Section 2.A.1 of this agreement.

ARTICLE 7

JOB VACANCIES

The City of Lawton retains the right recognized in 11 O.S. §51-205 to hire whomever it chooses, without any limitations or qualifications to that right. In the event of job vacancies, said vacancies shall be posted internally and/or externally for a period of not less than seven (7) calendar days except as provided in the immediately following paragraph.

The City Manager may, in order to maximize development opportunities for existing city employees showing qualifications and desire to move within the city and/or to benefit the City of Lawton, approve personnel moves to select open positions without interviewing other internal or external applicants. The open position will be subject to a three business day posting before appointment to allow other qualified employees to identify their interest in the position. The person being moved must meet the minimum qualifications listed in the current job description for the position to be acquired.

Nothing contained herein shall prohibit the City from hiring any qualified applicant for any vacancy. The City shall have sole discretion in determining whether an applicant is qualified for a vacancy. When in the City's sole discretion the qualifications and experiences of the qualified applicants for a vacancy are equal, preference will be given to the current City of Lawton employees applying for the vacancy. If the final selection is between two or more internal qualified applicants, which in the City's sole opinion have equal qualifications and experience, seniority shall be the determining factor. For purposes of this article, "internal applicant" means any City of Lawton employee applying for a vacant City position. The determination of an applicant's qualifications shall not be subject to the grievance procedure of Article 17 of this Agreement.

If an internal applicant is not chosen for a position the non-selected internal applicant shall receive notice of such action and may meet with a representative of the Human Resources Department to determine improvements needed.

Notwithstanding the above language, nothing herein shall require the City of Lawton to fill a job vacancy if in the City's sole opinion no qualified applicants are available.

ARTICLE 8

REDUCTION IN FORCE

Prior to any reduction in workforce the city will notify the union at least thirty (30) days prior to the approval of a budget or budget amendment requiring such reduction in workforce. The union may propose alternatives such as and not limited to redeployment, retirement incentives, voluntary severance, attrition in the workforce, voluntary separations, and other cost saving measures. In the event there is still a need for a reduction in the workforce, the following procedures shall prevail:

Section 1.

In the event that it is determined by the city that a layoff of city employees is necessary, the following procedure shall be followed:

- A. Downgrading or separation of regular employees will be held to a minimum;
- B. No regular employee shall be separated from any department while there are introductory, temporary, or part-time employees serving in the same classifications in the respective department.

Section 2.

A. When a layoff becomes necessary within any department, the department director, the human resources director, and the city manager shall determine which employee or employees will be separated after consideration of:

- 1. Layoffs shall be in reverse order of total service with the city when the qualifications of the employees to perform available work are substantially equal; and
- 2. By review of the employees personnel file.

B. No layoff will be taken until the affected departments, classifications, the number and the names of the affected employees, have been identified.

Section 3.

Any employee being laid off shall be given notice as soon as possible and shall be given written notice not less than ten (10) working days prior to separation. The employee is to sign a written acknowledgment of notice of the separation action.

Section 4.

The employee subject to separation will be considered for available positions, throughout the city for which the employee is qualified, in the order listed, as follows:

- A. A lateral transfer to a vacant full-time position;
- B. A lateral transfer to a position filled by an employee in an introductory status;
- C. A transfer to a position at a lower pay grade filled by an introductory employee;
- D. A lateral transfer to a vacant part-time position;
- E. A transfer to a vacant part-time position at a lower pay grade; or
- F. Separation.

Section 5.

The city shall make every reasonable effort to assist the separated employee in finding another job, including:

- A. Requesting local employment offices, appropriate firms, and federal and state agencies for their assistance; and
- B. Posting at city facilities of information regarding vacancies with other employers.

Section 6.

For a period of six (6) months from the date of separation, such separated employee shall be advised by the city of positions in the city service prior to opening the recruitment to general applicants, and such notice may be given by telephone, e-mail or regular mail to the last such telephone number, e-mail address or mailing address provided by the separated employee.

Section 7.

In the event of the reemployment of a regular employee within six (6) months from the regular employee's lay-off date, such employee shall not lose seniority and the date of hire for sick leave, vacation, and retirement will reflect the original date of hire.

Section 8.

In the event an employee accepts appointment to a position at a lower pay grade, the employee shall be placed in the closest pay step to his/her current salary that does not result in a pay increase.

Section 9.

Once an employee is identified as an employee to be laid off according to the above process that employee will have the following options:

A. Within ten (10) days after being notified of being laid off, the employee may elect to receive as a lump sum severance pay the amount of pay the employee would receive as regular pay during the subsequent ninety (90) day period. If this option is taken the employee will lose all protections available under this section including, but not limited to the right to be notified and all seniority status; or

B. An employee may elect to stay on the payroll for the subsequent ninety (90) days at regular salary and be entitled to all the provisions of this agreement, except there shall be no severance pay at the end of the ninety (90) day period.

ARTICLE 9

CLASSIFICATION NOTIFICATION

Section 1.

In the event new classification(s) and or position(s) are created, the Union will be advised, in writing with a statement of position by the City as to whether the new classification(s) and or position(s) is eligible to be included in the bargaining unit. If the Union disagrees with the position of the City, the Union shall within ten (10) calendar days of notice request a meeting in writing to discuss the recognition of the position related to the bargaining unit. If the meeting does not resolve the dispute, either party may request within fifteen (15) calendar days a review by P.E.R.B as to whether or not said classification/position(s) is eligible to be included in the bargaining unit. If the Union does not request a meeting in writing within said ten (10) day timeframe the recognition of the classification/position by the City shall be deemed acceptable by the Union, as such no further appeal shall be allowed.

Section 2.

A. For organizational and operational purposes the City may review, modify, reclassify, etc. an existing position(s). In the event the City takes action that would change the position's pay, grade placement or bargaining unit status then the City shall notify the Union ten (10) calendar days, excluding Saturday, Sunday and the City's fixed holidays, prior to making any such change. If the Union disagrees with the position of the City, the Union shall within ten (10) calendar days, excluding Saturday, Sunday and the City's fixed holidays, request a meeting in writing to discuss the position. If the meeting does not resolve the dispute, the Union may: (1) submit a grievance in accordance with the grievance procedure for any issue related to the reclassification except the issue of eligibility to belong to the bargaining unit or (2) request a hearing before PERB to have PERB determine the position's eligibility to be included/excluded from the bargaining unit. The issue of a position's eligibility to be included or excluded from the bargaining unit shall be an issue reserved to PERB and not subject to grievance arbitration. If the Union does not request a meeting in writing within said ten (10) day timeframe the recognition of the classification/position by the City shall be deemed acceptable by the Union, as such no further appeal shall be allowed.

B. If a position is being reclassified to a position that 1.) already exists within the City, 2.) the latter position has already been certified as either included in the Bargaining Unit or excluded therefrom and 3.) the later position is already recognized in the pay plan, the position being reclassified shall be recognized in the same manner as the existing later position. (i.e. Secretary to Senior Secretary; Senior Secretary to Administrative Secretary). If the position is moved to a lower grade within the pay plan the employee will be frozen at their current rate of pay until such time as the rate of pay of their new position equals current pay. Until such time this occurs the employee will not be eligible for cost of living pay adjustments. If the position is at a higher rate of pay the employee shall receive the higher pay. There shall be no grounds for grievance since the position being reclassified is being recognized in a position that is already in

existence. In the event there is an existing employee in a position that gets reclassified under this section the employee shall not serve an introductory period.

Section 3.

Notwithstanding the above, in the event the Union feels that the actual work is not in conformity with a job description, the union may request a job analysis of the position classification through the city manager, outlining in writing the job duties. If a field job analysis is necessary, an assessment shall be done by the Human Resources Department. Upon completion of the job analysis, the City shall provide written notice of the City's determination. The Union may within ten calendar days of the Union being notified, request a meeting to discuss the determination. The determination of the City is not subject to the grievance procedure in Article XVII of this agreement.

ARTICLE 10

EMPLOYEE HOLIDAYS

Section 1.

All employees covered by this agreement shall be entitled to eleven (11) holidays per year. The holidays shall consist of six (6) fixed holidays as designated herein and five (5) flexible holidays.

Section 2.

Full and part-time employees covered by this agreement shall sustain no loss of pay for any biweekly payroll period in which a fixed holiday occurs which would normally be an employee's work day unless the employee is on leave without pay the day before or after the fixed holiday.

Section 3.

The following fixed holidays are hereby designated and shall be observed in accordance with the following provisions:

January 1-New Year's Day;
Memorial Day;
July 4-Independence Day;
Labor Day;
Thanksgiving Day; and
Christmas

1. In lieu of overtime, non-shift employees who are not scheduled to work on a fixed holiday, but who are called on to work and do work on a fixed holiday, shall be paid for all hours actually worked on the fixed holiday at a rate which is one and one-half times their regular rate of pay. Such compensation shall be in addition to the regular payment for the fixed holiday and shall be paid at the next available payroll period following the fixed holiday.

2. The Department Head/Division Supervisor or designee shall determine the necessary level of staffing required to work the fixed holiday. A rotating schedule shall be used to fill required positions for the fixed holidays. Said schedule shall be established and posted by June 15 for the preceding fiscal year. Employees may swap days with another qualified employee. The employer shall be notified at least seventy two (72) hours prior to the day in question. In the event a shift employee is scheduled to work a designated fixed holiday said employee shall receive eight hours of Holiday leave credit. The Holiday leave credit will be paid on the pay period following the Holiday if not used prior to the end of such pay period.

3. Any fixed holiday falling on a weekday, Monday through Friday, the actual day of the Holiday will be recognized. All other fixed Holidays will be observed as follows:

- a. For Non-shift employees:
If the fixed Holiday falls on a Saturday the preceding Friday will be considered the Holiday;
If the fixed Holiday falls on a Sunday the following Monday will be considered the Holiday.
- b. For Shift employees the actual day of the Holiday will be considered the Holiday.

4. If an employee is sick, the employee will not be charged sick leave for the designated fixed holiday authorized during the absence;

5. If an employee is on vacation, the employee will not be charged vacation leave for the designated fixed holiday observed during the absence; and

6. a. When a fixed Holiday falls on a full-time employee's regularly scheduled day off, the employee is entitled to choose a different day off within the pay period of the fixed Holiday or to be paid for the fixed Holiday.

b. When a fixed Holiday falls on a part-time employee's regularly scheduled day off, the employee will not be paid any additional compensation beyond his/her regular bi-weekly pay for actual hours worked.

7. Should the city council declare special fixed holidays, they shall be observed in accordance with the provisions of this section.

8. In addition to the other requirements of this Section the parties recognize the City's right to close the non-critical operations of a department or a division or any portion thereof for the actual holiday when one of the above-referenced holidays in Section 3 falls on a weekend. Any such decision to close either a portion or all of a department or division will be at the sole discretion of the City. In the event of such a closure the non-essential employees for any of the city's cultural and recreational department/divisions being allowed off for the day of the actual holiday that falls on a weekend day who would otherwise normally be scheduled to work that day will be required to either flex their work schedule, or take vacation leave, flex leave, compensatory time, or if no such leave is available will be required to take leave without pay. For clarification purposes the term "actual holiday" as used in this paragraph means the actual day of New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day or Christmas.

Section 4.

Flexible holidays may be observed by full-time employees and part-time employees on a date mutually agreeable to the employee, the employee's immediate supervisor and the department director and shall be in accordance with the following provisions:

1. Full-time employees employed as of July 1 shall be allowed forty (40) hours flexible holiday time, to be used during the next fiscal year. Part-time employees employed as of July 1 shall be allowed twenty-(20) hours of flexible holiday time.

2. Employees hired after July 1 of the current fiscal year shall be allowed a prorated amount of flexible holiday time based on the relationship of the months of service remaining during the fiscal year to twelve (12) months' service.

3. In submitting a request for flexible holiday time and in considering the request, the employee and the employee's supervisor, shall consider the level of service which must be provided by the city activity and the needs and desires of the employee.

4. Employees must use their flexible holidays before the last payroll period in June of each year or otherwise unused flexible holidays will be lost and there shall be no compensation paid there for.

5. (A) Employees who separate from city service during the fiscal year will have flexible holiday time pro-rated at the rate of four (4) hours per month for the months of July through April of the current fiscal year. If an employee leaves service during these months and has used more than the accrued amount of flexible leave, the amount used over the accrued amount will be deducted from final payouts and/or leave balances due the employee. Employees who separate from the City during this period who have not used more than their then accrued amount of flexible leave will be paid for any flexible holiday time they were unable to use, based on the employee's regular hourly rate of pay at the time of separation.

(B) If an employee leaves during the months of May and June, no deduction will be made as they will have accrued the full allotment of flexible holiday time (40 hours for full-time employees and 20 hours for part-time employees) as of April 30 of the current fiscal year. Employees who separate from the City during this period will be paid for any flexible holiday time they were unable to use, based on the employee's regular hourly rate of pay at the time of separation.

ARTICLE 11

SICK LEAVE

Section 1.

Sick leave may be granted to employees for the use of an employee for illness or injury, preventive care or for any reason listed under the Family Medical Leave Act. The employee may also be granted sick leave for the illness or preventative care of a spouse, child, the parent of the employee or the parent of the employee's spouse.

Section 2.

Records of individual sick leave shall be kept current by the human resources department and shall reflect earned sick leave in hours and all sick leave taken.

Section 3.

Regular employees shall accrue sick leave at the rate of 3.6923 hours per biweekly payroll period. Regular employees on an authorized leave of absence without pay shall not accrue sick leave during such time as they are absent from work on leave without pay.

Section 4.

Regular part time employees shall accrue sick leave at the rate 1.8461 hours per biweekly payroll period. Regular part-time employees on an authorized leave of absence without pay shall not accrue sick leave during such time as they are absent from work on leave without pay.

Section 5.

For ordinary Sick Leave for illness or injury that occurred off the job or as provided in Section 17-1-6-164 of the City Code, the following shall apply:

A. The employee may use all accrued sick leave, after which time the employee must use vacation time or take leave without pay. The manner in which additional time off will be allowed shall be the sole responsibility of the city manager or the city manager's designated representative;

B. For any period in excess of three regular work days of continuous sick leave for regular employees, the supervisor may require a doctor's certificate of illness prior to allowing the individual to return to work;

C. When regular employees use forty (40) hours of continuous sick leave, the supervisor may require a physical examination of the employee, at the employee's expense prior to allowing the employee to return to work;

D. The supervisor may require an employee, at the employee's expense, to submit a doctor's certificate of illness, or may require a physical examination, attesting to the necessity of the employee being absent from work because of illness for any subsequent injury or illness if the employee has taken twelve (12) days of ordinary sick leave in the immediately preceding twelve-month period;

E. In the event a supervisor has reason to believe that an employee is misusing sick leave privileges, the supervisor shall require the employee to provide a doctor's certificate of illness for any future illnesses regardless of the length of illness. In such event, the supervisor shall give written notice to the employee, stating the reasons supporting the belief that sick leave privileges have been misused. Failure by the employee to provide the requested doctor's certificate shall be grounds for disciplinary action;

F. Sick leave may be used by an employee in the event the employee determines it is necessary to stay home to attend to any other member of the immediate family who is ill. Sick leave may also be used in the case of a death in the immediate family. If the employee's absence due to caring for such family member exceeds the times set out in Subsections A, B, or C above, the supervisor may require similar evidence of illness or physical condition to be provided regarding the member of the immediate family.

G. If an employee becomes ill and cannot report for work, the employee or a family member of the employee must contact the employee's supervisor prior to the beginning of the employee's regular work day or shift. Failure to report within such time will cause the absence to be charged to leave without pay. Emergency situations which might prohibit compliance with reporting shall be taken into consideration by the supervisor.

H. Because many diseases are communicable, a supervisor may require an employee to go home if in the supervisor's opinion the individual is either jeopardizing the individual's health and/or increasing the possibility of affecting the health of other employees or the public. Such absence will be charged against accrued sick leave, if available; if not, it will be charged to vacation leave or leave of absence without pay.

Section 6. On the Job Injury Leave.

A. An employee who incurs an injury or occupational illness arising out of and in the course of employment with the City of Lawton may be entitled to up to ninety (90) days of on-the-job injury leave, also referred to as "on duty injury leave." This benefit provides full salary continuation in lieu of the lower temporary total disability (TTD) benefits prescribed by the state workers compensation law. There will be no charge against the employee's accrued leave balances. The employee will receive this benefit if the following prerequisites are met:

i. It is uncontested that the injury or illness is compensable under Oklahoma workers compensation law.

ii. The employee's supervisor is provided with a duty excuse from the physician treating the employee for the injury or illness indicating that it is a medical necessity

that the employee be excused from work. The duty excuse(s) must cover the entire period(s) for which an employee is granted on-the-job injury leave or is on TTD. On-the-job injury leave or placement on TTD cannot be used unless the lost time is ordered by a qualified physician.

B. The rules for use of on-the-job injury leave will be the same as those governing the use of TTD benefits as prescribed by the Oklahoma workers compensation law except supervisors may charge as on-the-job injury leave reasonable, documented hours required for necessary follow-up doctor visits and therapy appointments for cases where the employee has been released to return to work, but has not been released from treatment. The provisions of this subsection are in addition to the on-the-job injury leave limitation in A.1. above. In no event shall this additional on-the-job injury leave exceed four hours in any one workday nor shall it be granted on the last day of the employee's work week.

C. When an official City of Lawton holiday falls during a period where an employee's lost work time is being charged as on-the-job injury leave, the holiday will be charged as on-the-job injury leave if both the employee's last scheduled workday before the holiday and the next scheduled workday after the holiday are charged to on-the-job injury leave.

D. In the event an employee remains temporarily totally disabled after exhausting the equivalent of ninety (90) days of on-the-job injury leave, the employee will be placed on leave without pay status in the city's payroll system but will receive weekly TTD benefits through the city's workers compensation administrator at the state mandated rate. While in this status, employees will be required to continue providing to their supervisor reports of duty status from their treating physicians. Employees in such status will not be allowed to use their accrued leave to augment the TTD payments or in lieu of on-the-job injury leave or in lieu of receiving TTD while on leave without pay status as a result of an on-the-job injury. While an employee is in on-the-job injury leave status or receiving TTD benefits they will not pursue other employment or receive compensation for employment by an alternative source.

E. If an employee pursues a settlement for permanent disability benefits for injury or illness, the city, where allowed by law, may petition the court for credit for over-payment of TTD against any such benefits. An exception may be made when such credit is waived as part of a negotiated settlement.

F. All on-the-job injury leave and TTD benefits cease once an employee has been released by the treating physician to return to work (except as indicated in paragraph 6B above), has been released from medical treatment, or has been rated for permanent disability. If after being released from treatment or rated for permanent disability, the employee's treating physician, or other qualified physician to which the employee is referred, determines the employee will not be able to return to work in his assigned position, the legal services department Administrator and the Human Resources Department will take action to obtain any additional medical information as required for an informed and equitable resolution of the employee's employment status with the city. If the employee agrees that return to work in the assigned position is not feasible even with reasonable accommodation and does not request accommodation by assignment to another position with the city, no additional medical information may be required. However, if such a request for accommodation is made, the

employee may be referred by the human resources department for additional medical evaluation and testing to obtain a quantitative measure of the physical capabilities of the employee. The results of such testing will be used to determine if the employee is physically able to perform the essential functions of the assigned position or other position with the city. If the employee is unable to safely perform the essential functions of the assigned position, the human resources department will attempt to accommodate the employee by assignment to a vacant city position for which the employee is qualified. If no such position is available, the employee will be terminated from employment with the city, but if eligible may pursue vocational rehabilitation benefits through the workers compensation system.

G. When an employee is released to return to work by the employee's treating physician after being absent while recovering from an injury or illness, the employee's department director, in coordination with the human resources director, may direct the employee to undergo medical evaluation to determine the employee's physical fitness to safely perform in the employee's assigned position. Such evaluation will be appropriate when it is suspected that the employee has not recovered sufficiently to return to work or it is determined that the employee has incurred significant permanent disability. If the evaluation indicates the employee is physically unable to perform the essential functions of the assigned position, accommodation procedures as detailed in the preceding paragraph will be followed. The employee will be temporarily placed on on-the-job injury leave on the date of release from the treating physician until returned to work or terminated from the assigned position.

H. Time used for on-the-job injury leave or while receiving temporary total disability benefits will be deducted from the family leave allowances as provided in Section 17-1-6-164 of the City Code, as said code section exists today or may hereinafter be amended from time to time exclusively by the City Council.

I. An employee who remains on a combination of on-the-job injury leave and/or temporary total disability paid by the city's third party workers compensation administrator for longer than one thousand forty (1040) hours is not assured reinstatement to the position held at the time of the injury. If the employee is unable to perform some the duties of their current position, then the employee shall be entitled to do light duty work, or be reclassified into an appropriate position with no loss in pay.

Section 7. Treatment of Sick Leave Upon Separation From Employment.

A. Except for normal or early retirement as defined, employees who separate from employment with the City will be compensated for all accrued but unused sick leave as follows: The employee's accrued number of sick leave hours will be multiplied times 2.75 percent times the total number of years of service for the employee times the hourly rate of pay the employee was receiving immediately prior to the separation of employment. Employees who are terminated from employment shall receive no compensation for accrued sick leave benefits.

B. Upon normal or early retirement of an employee who has not requested terminal leave, the employee will be reimbursed for all accrued but unused sick leave in accordance with Subsection A of this section. However, in anticipation of retirement, an employee may request

that accrued sick leave be converted to terminal leave, to be used immediately prior to the employee's retirement date.

C. Upon a non-job related death of an employee, the employee's estate shall be compensated for all unused sick leave accrued in accordance with Subsection A of this section. Upon the death of an employee that occurs in the course of the employee's job duties, the employee's estate shall be compensated for all unused sick leave on an hour for hour one for one (1:1) basis at the employee's then current rate of pay.

Consequently, the parties agree that the most recent version of Administrative Policy 3-13 (Leave Bank Policy) in effect of the date of the adoption of this agreement shall be incorporated herein as part of this agreement. The City's Human Resources Department will provide an annual report on the status of the leave bank. Section 1.

Grievance Defined

A grievance shall mean any dispute, controversy, or difference between the City and the Union concerning the meaning, interpretation, or application of any provision of this agreement, the terms and conditions of employment, and related to personnel matters including questions of arbitrability and appeal of disciplinary and other employment actions. Said grievances shall be adjusted in the following manner:

Section 2.

The issue may be discussed by the employee with the first level supervisor not in the bargaining unit. The employee's steward or local union representative shall be present. This meeting, if held, shall occur within seven (7) calendar days of the event giving rise to the issue, which shall run concurrent with the time limitation set out in Step One. Any resolution of the issue shall be binding as to the employee. The resolution of the issue shall not be binding on the parties as a precedent. If not resolved at this meeting the issue may proceed to Step One.

Section 3. Union Grievance

- Step 1. The Union may present a Union grievance, which may include a grievance filed on behalf of an AFSCME bargaining unit employee, to the Department Director of the department from which the grievance arose within 15 calendar days, excluding Saturday, Sunday and the City's fixed holidays, from the date of the first occurrence of the matter giving rise to the grievance. Note: Nothing in step one is intended to discourage any employee from visiting with his/her immediate supervisor, division head and/or department director to attempt to work out an issue prior to asking the Union to file a grievance.

- Step 2. Upon receipt of the Union grievance as defined above, the Department Director, or an individual designated by the Department Director (i.e. an Assistant Director, Division Superintendent or other Supervisor) shall, within fifteen (15) calendar days, excluding Saturday, Sunday and the City's fixed holidays, deliver a decision to the Union in writing. A grievance not satisfactorily resolved in Step 2 may be submitted by the Union to the City Manager within ten (10) calendar days, excluding Saturday, Sunday and the City's fixed holidays of the Department Director or designee's written decision. - Step 3. Upon the City Manager receiving a written grievance the City Manager or an individual designated by the City Manager shall, within fifteen (15) calendar days, excluding Saturday, Sunday and the City's fixed holidays, respond to the grievance by replying in writing to the Union. While a grievance is at Step 3, either the Union or the City may request a meeting to discuss the grievance. Any Step 3 meeting requested after the applicable timeframe set forth in this paragraph may still occur if both parties are agreeable.
- Step 4. If the grievance is not settled by the City Manager or designee's reply, the Union may present the grievance to arbitration, in accordance with Section 6.

- Step 2. The Local President shall reply, in writing, to the City within fifteen (15) calendar days, excluding Saturday, Sunday and the City's fixed holidays, of the Union's receipt of the City grievance.
- Step 3. If the grievance is not settled by the Union's reply, the City may present its grievance to arbitration, in accordance with Section 6.

A grievance not processed within the time limits set out in this Article is deemed to have been withdrawn.

Section 5. Grievances Not Initiated, Answered, or Processed

A. Any grievance not initiated or taken to the next step within the time limits specified herein will be considered settled and not subject to arbitration. A grievance not expressly denied by the non-grieving party within the established time for answering shall be deemed denied by the non-grieving party as of the last day of the stated time period for its answer, and the grieving party must advance the grievance to the next step if the grievance is to be pursued, within the time limit established.

B. All time limits set forth in this Article may be extended by mutual consent of the parties, which must be reduced to writing. If not extended, the time limits must be strictly observed. If the grieving party fails to pursue any grievance within the time period provided, said party shall have no further right to continue the grievance and said grievance shall not be subject to arbitration.

Section 6. Arbitration.

A. If the grievance is not settled or resolved by the foregoing steps, except as provided in Section 3, the grieving party may request arbitration within seven (7) calendar days, excluding Saturday, Sunday and the City's fixed holidays, from the receipt of the final denial of the grievance. A request for arbitration must be in writing. Within ten (10) calendar days from receipt of request for arbitration, the party requesting Arbitration (City or Union only) shall request a list of seven (7) arbitrators from Federal Mediation and Conciliation Service (FMCS) with a copy of such list provided to the non-grieving party contact person. The request shall specify that the requested list of arbitrator's shall be drawn from the sub-regional area of the multi-state region applicable to the State of Oklahoma. Within ten (10) calendar days, excluding Saturday, Sunday and the City's fixed holidays, from receipt of such list, a representative of the Union and City shall strike names from the list. The grievant's representative shall be the first to strike a name from the list and the parties shall alternate thereafter until one (1) arbitrator remains, who shall be appointed as impartial arbitrator.

B. At any step the management representative may request a meeting with the grievant.

C. Within ten (10) calendar days of the parties' selection of an arbitrator the Federal Mediation and Conciliation Service (FMCS) shall be notified by the grievant. The date for the arbitration hearing should be set at the earliest available date. The arbitrator shall be notified in writing of the selected date by the grievant.

D. It shall be the duty of the grievant to insure that all dates and time limits set out in this Article are strictly adhered to. Failure to strictly adhere to the required dates and time limits set out herein shall cause the grievance to become null and void and not subject to arbitration.

E. At the conclusion of the arbitration hearing, post-hearing briefs may be filed at the request of the arbitrator. The arbitrator shall comply with the rules of the FMCS.

F. The arbitrator's award shall be consistent with the authority granted the arbitrator by this agreement.

G. The costs, fees and expenses of the neutral or impartial arbitrator selected to hear a grievance under this article, shall be shared equally between the grievant and the responding party. Any other expenses incurred in the presentation of a grievance shall be borne by the party incurring the same. If a transcript or recording, audio or video, of the proceedings is requested, the party requesting the same shall pay for said transcript and furnish a copy of said transcript or recording to the arbitrator within one week of the conclusion of the hearing. A party's request for a transcript or recording, audio or video, of the proceedings must be made at the time of the date of the arbitration hearing is set by the parties. If the non-requesting party desires a copy of the transcript or recording, audio or video, of the proceedings the non-requesting party shall share equally in the cost. The non-requesting party must advise the requesting party no later than the close of the arbitration hearing of its decision.

H. The arbitrator's authority is strictly limited to the interpretation, application and enforcement of the terms of this Agreement. The arbitrator shall have no jurisdiction to establish a new agreement or make any variation or modification of the present agreement, nor to arbitrate away, in whole or in part, any provision of this agreement or any supplements thereto or amendments thereof.

Longevity time shall accrue during such period of absence and payment shall be made on the normal date for payment as if the employee had not been absent when the absence is caused by such active duty. Subsection A2 of this section shall not apply to persons serving on active duty for one or more entire pay periods during a calendar month.

If after completion of the period of active service in the Armed Forces, such service being for more than thirty-one (31) consecutive calendar days, the employee fails to return to his/her employment with the city within the periods provided in the Uniformed Services Employment and Reemployment Rights Act, then in that event, the employee shall reimburse the city all sums received for longevity pay for the time period served in the active service of the military. Also if the employee leaves the active service with a separation or discharge of a lesser degree than an honorable discharge the employee shall be required to reimburse the city as set out above. The employee must provide a request for terminal leave to his/her department director not less than sixty (60) days from the date the terminal leave is to begin. The request must specify the date of retirement and the date the requested terminal leave is to begin.

B. The amount of terminal leave authorized will not exceed the total amount of sick leave, compensatory time, flexible leave and vacation leave hours that the employee has accrued at the time the request is submitted. All vacation, compensatory time, and flexible leave hours must be used before sick leave hours can be taken.

C. Once the request for terminal leave is accepted and the retirement date is established, the request cannot be rescinded. If unforeseen circumstances prior to the date the terminal leave is scheduled to begin result in an employee using an amount of accrued leave sufficient to cause leave balances to be less than that required to cover the period of terminal leave requested, the employee will be required to adjust the effective date of the terminal leave or the date of retirement accordingly.

D. While on terminal leave, an employee will not accrue additional sick or vacation leave, flexible holidays, or longevity benefits.

E. An Employee in terminal leave status will continue to be paid their regular base bi-weekly wage through the city's payroll system up to a maximum of 80 hours per pay period. Compensation will not include any type of incentive pay (i.e. shift differential, stand-by, working

Once the fund balance reaches and maintains a balance above \$400,000.00 for ninety (90) consecutive days, the premiums will return to the original amounts listed above.

Section 2. Solvency Re-Opener:

The parties agree to re-open this item for negotiations to insure the solvency of the Employee Group Health and Benefit plan if the plan fund balance declines a total of ten percent (10%) of the previous quarter's fund balance during any three (3) consecutive month period and/or the plan fund balance falls below \$200,000.00.

This provision is non fiscal.

ARTICLE 20

LIAISON MEETINGS

Section 1.

The City and Union understand that during the term of these Agreement issues of mutual concern may occur and that it would be helpful for the parties to have a mechanism to discuss those issues. Consequently, the City and Union agree to meet and confer on matters of interest upon the written request of either party on dates agreeable to both parties, provided the parties will not be required to meet and confer more than once in any sixty (60) day period. The parties may, however, mutually agree to meet more frequently as they deem necessary. These meetings will be known as "liaison meetings."

Section 2.

Any request for a liaison meeting shall be sent by one party to the other in the manner provided for notice to be given in this Agreement and said request shall state the nature of the matters the party wants to discuss and the reason(s) for requesting the meeting. The party receiving the request may respond to the request by providing similar notice and may include in any such response a list of any matters the second party may want to discuss. Any discussion at a liaison meeting should to the extent possible be limited to only those issues identified by the parties in their pre-meeting "request for meeting" and "response" correspondence. It is further understood that liaison meetings shall not be used as a forum to renegotiate this Agreement.

Section 3.

Each party shall be represented by not more than three (3) persons at a liaison meeting. Meetings will not normally exceed two (2) hours in duration. The City agrees to compensate the three (3) designated union representatives at their normal hourly rate less incentives, shift deferential, standby, working out of class, premium pay, etc., for a maximum of two (2) hours. This time shall not be counted towards overtime.

Section 4.

Liaison meetings shall be held on a date and time mutually agreed upon by the parties. Union members not covered by section three (3) above and other members of the collective bargaining unit choosing to attend such meetings will be off-duty and not subject to compensation unless leave is authorized by their department director or his/her designated representative.

Section 5.

Nothing in this Article shall preclude any other type of communication that may occur from time to time between the City and the Union.

As state or federal statutes or regulations allow random, post accident or periodic testing, the Union agrees to allow the city to implement its policy which is in conformance with the state, State Statute Title 40, Chapter 15, Section 551 et seq., Standards for Workplace Drug and Alcohol Testing Act, or federal statutes or regulations.

ARTICLE 22

OTHER LEAVES

Section 1. Jury Duty.

A. Employees will be granted leave with pay when serving on jury duty or appearing as a subpoenaed witness. Employees who are required by due process of law to render jury service shall receive the employee's regular pay from the city during such period; however, employees excused from such duty during the employee's regular city duty hours shall return immediately to the employee's city duty station. Jury duty leave shall not apply to a court appearance, or giving testimony by deposition during city's business hours involving the employee's personal interest either as a plaintiff or defendant, or in matters which do not involve the employee in the performance of his duty as an employee of the city, or in matters in which the city is not a party to the action.

B. An employee serving five or more hours of jury duty during a workday who is subsequently expected to then report to work on the next evening or night shift will be granted leave with pay and excused from working said shift.

Section 2. Voting Leave.

An employee whose daily work schedule or daily work period encompasses the open polling times so as to prohibit said employee from being able to vote either prior to or after their work period shall be granted up to two (2) hours leave with pay for the purpose of voting. Inconvenience as a rationale for not being able to vote either before or after work shall not be sufficient justification to authorize the aforementioned leave.

Section 3. Military Leave.

Military Leave. Full-time and part-time employees who are ordered by proper authority to active military service shall be entitled to and shall accrue their full regular pay and benefits for the first Thirty (30) calendar days in each federal fiscal year from the city while on such leave. Other terms and conditions of employment regarding military leave shall be in accordance with State and Federal statutes.

Section 4. Leave Without Pay.

When circumstances justify, department directors may grant leaves of absence without pay for periods not to exceed one week. Additional leave without pay must be approved by the city manager, or the city manager's designated representative, who shall be the sole determiner of the length of such additional leave. No leave will be granted under this subsection for the purpose of enabling employees to accept temporary employment with other employers.

Section 5. Attendance at Conferences, Schools, etc.

The City may send employees to conferences, schools, etc., if the city determines such attendance would be beneficial to the employee's knowledge and efficiency and considered as being beneficial and in the best interest of the City. If an employee is sent by the City to a conference, school, or training event the employee shall receive their regular daily rate of pay for each day the employee is in attendance/away from work in accordance with the Fair Labor Standards Act. The City shall be responsible to cover the costs associated with attendance at any such conference, school or training event.

Section 6. Administrative Leave.

A. In certain circumstances there exists a need to place employees on administrative leave, which depending upon the situation may be either without or with pay. The determination of whether an employee is placed on administrative leave, as well as the nature and length of any such leave, shall be at the sole discretion of the city manager.

1. Instances appropriate for administrative leave without pay shall include:

a. An employee who is accused by indictment, complaint and information, or charged with a crime, whether misdemeanor or felony, regardless of whether or not said employee is incarcerated, may be placed on administrative leave without pay by the city manager following a meeting between the employee and the employee's department director or the city manager. After the meeting, the employee will be notified of the reason for being placed on administrative leave without pay. In the event the employee is incarcerated and not able to attend a meeting with the department director or the city manager a notice of administrative leave without pay will be sent to the employee's last known address on file with the City. The employee will not earn, receive or accrue vacation, sick leave, compensatory time, flexible holiday time or other benefits during the period of administrative leave without pay. If the employee is later exonerated from all the accusations arising from such indictment, complaint and information, or charge, the employee will be made whole by being fully: (1) reinstated to his/her former or similar position, and (2) credited with the wages and benefits that would have accrued during the term of the administrative leave by compensating the employee with full back pay and crediting the employee with vacation leave, sick leave, compensatory time, flexible holiday time, longevity and retirement creditable service benefits. If the employee is convicted, agrees to plead "no contest" or pleads guilty on any of the indictments, complaint and information or charge, the employee may be terminated retroactive to the first day of the administrative leave, following a hearing. During the period of administrative leave without pay, the employee may use, upon the employee's written request, accrued vacation, holiday leave, earned flexible holiday time and earned compensatory time, but those hours will not be reinstated for the benefit of the employee if such employee is exonerated from all the accusations arising from such indictment, complaint and information, or charge, and will be an offset against any wages that may be otherwise due. During the period of administrative leave without pay, such employee and the employee's dependents may continue in the city's health plan if the

employee continues to pay the required premiums for single and dependent health plan coverage as appropriate.

b. Pending an investigation of a serious charge arising from an allegation or series of allegations of a breach of employment rules, regulations or procedures, an employee, following a meeting between the employee and the employee's department director, may be placed on administrative leave without pay by the city manager, when the allegation(s), if found to be true, would most likely result in the termination of employment. The employee will not earn, receive or accrue vacation, sick leave, compensatory time, flexible holiday time or other benefits while on administrative leave without pay. If the employee is ultimately terminated, the termination will be retroactive to the first day of the administrative leave. If the employee is not terminated but is otherwise disciplined, the employee will subsequently be permitted to return to work for the City, but will not be credited with the wages and benefits that would have accrued during the term of the administrative leave. If the employee is not terminated or otherwise disciplined the employee will be made whole by being fully: (1) reinstated to his/her former or similar position and (2) credited with the wages and benefits that would have accrued during the term of the administrative leave by compensating the employee with full back pay and crediting the employee with vacation leave, sick leave, compensatory time, flexible holiday time, longevity and retirement creditable service benefits. Any materials or records pertaining to the incident shall be removed immediately from the files upon exoneration, as if the incident had not occurred. During the period of administrative leave without pay, the employee may use, upon the employee's written request, accrued vacation, holiday leave, earned flexible holiday time and earned compensatory time, but those hours will not be reinstated for the benefit of the employee if the employee is exonerated from the accusations of wrongdoing and will be an offset against any wages that may be otherwise due. During the period of administrative leave without pay, the employee and the employee's dependents may continue in the city's health plan if the employee continues to pay the required premiums for single and dependent health plan coverage as appropriate.

2. An employee may be placed on administrative leave with pay when an incident of such a serious nature occurs involving the employee that an investigation is warranted and there exists the possibility of the employee receiving discipline from the incident. In such an instance the employee's department director with the approval of the city manager may place the employee on administrative leave with pay for the period of the investigation, but in no event shall such leave exceed five of the subject employee's working days without written approval from the city manager. If written approval is given the city manager may extend such leave beyond the initial five-day limitation. Following any such extension the city manager shall reevaluate every seven calendar days the need for keeping the employee on administrative leave with pay, and if it is determined the leave should continue, re-authorize in writing the continuation of the leave. Nothing in this subsection shall grant an employee a right to be placed on administrative leave with pay in lieu of administrative leave without pay.

B. Incarcerated employees are subject to the disciplinary actions and procedures established in the Discipline Article XVI. The following rules are applicable to the pay and benefits of incarcerated employees:

1. An employee who is incarcerated will be allowed to use any accrued vacation or compensatory time during such period of incarceration. An incarcerated employee who has expended all of the employee's accrued vacation and compensatory time shall not be eligible for any type of administrative leave.

2. An incarcerated employee who is later exonerated will not be entitled to back pay or vacation, sick leave, compensatory time, flexible holiday, longevity or retirement creditable service benefits lost or used during such periods of incarceration. Such periods of incarcerations are outside the control of the City of Lawton and the employee cannot perform any productive labor during such periods. Upon release, the employee will be eligible for rehire.

C. In the event the city manager is out of the State of Oklahoma for more than one business day or is on any type of leave, the assistant city manager shall have authority to take action under this section on behalf of the city manager. Likewise, in the event a department director is out of the State of Oklahoma for more than one business day or is on any type of leave, that department's deputy director shall have authority to take action under this section on behalf of the department director. If the department does not have a deputy director, then the individual designated in writing as acting department director shall have authority to act under this section on behalf of the department director.

Reasonable exceptions may be granted on an individual basis by the employer, when notified along with adequate documentation by the employee of a certified medical condition. It shall be the City's determination as to what, if any, uniforms, tools, equipment and personal protective equipment are required for any particular position. The employee shall notify the supervisor of all defective or missing tools, equipment including ppe. The employee shall keep all tools and equipment in good condition.

The committee shall make recommendations concerning such appeals to the city manager who shall have final authority to approve or deny such appeal. The determination of the city manager shall not be subject to the grievance procedure.

ARTICLE 25

UNION BUSINESS

Section 1.

The City may allow three (3) bargaining unit members at a time designated by the Union to take vacation leave, or compensatory time or leave without pay to attend to union business provided such leave does not: (1) disrupt the operation of the city, department or division of the employee, (2) cause overtime, or (3) cause a work operation slowdown. This leave may be approved for up to ninety (90) calendar days, with the possibility of future extensions upon the request of the Union to be taken into consideration by the City. However, any extension shall be at the sole discretion of the City. Once a bargaining unit member returns from any union business leave that is in excess of five (5) City business days said employee will not be eligible for any further union business leave for at least one year. An employee on approved unpaid union business leave may continue his/her city health benefits as allowed for employees on leave without pay. Denial of this leave by the City for any one individual shall not be subject to grievance arbitration so long as the City approves at least one (1) member of the collective bargaining unit leave as described in this section to attend to union business. This time shall not be counted towards overtime. The union members request for union business leave shall reflect that the leave is for union business.

Section 2.

Provided there is no disruption in operation by an employee being away from the work place, the City agrees that up to four (4) members of the negotiating team may attend negotiations, mediation and/or interest arbitration sessions on paid status during said employee's normal work schedule/shift. The employee shall not be paid and or compensated if the mediation/ interest arbitration sessions are held during employee's off duty or non pay status. This time shall not be counted towards overtime.

Section 3.

The City recognizes and agrees to work with the accredited union stewards, representatives, and officers. The Union shall designate and certify to the City, union stewards to represent employees, said number of stewards not to exceed twelve (12) in total. A written list of the union-stewards (such list will outline the area to be represented by each steward) and the union officers shall be furnished to the City immediately after their designation. The Union shall notify the City promptly of any changes to its list of officers and stewards. A union officer and/or steward shall be on a paid status for a maximum of eight (8) hours during a month. A month is two (2) consecutive eighty (80) hour pay periods. This time shall not be counted towards overtime. The eight (8) hours allowed by this section shall be during the union officers and/or stewards normal work period and the time shall be shown in the remarks section of the timesheet.

Section 4.

The union may have one (1) representative in addition to the grievant at any grievance arbitration. Any witnesses for the union that is a member of the collective bargaining unit shall be in an unpaid status unless the witness is on approved leave. Attendance at a grievance in a paid status shall not count towards overtime. If the arbitration is held or extends into a period where the representative or grievant would not normally be compensated, the representative or grievant will move to a non-paid status for the remainder of that pay date.

Section 5.

This collective bargaining agreement contains a grievance resolution procedure in Article 17 which applies to both the City and the Local. Arbitration awards pursuant to that Article are final and binding arbitration according to the Oklahoma Municipal Employee Collective Bargaining Act [OMECBA], provided the parties retain the ability granted them in OMECBA Section 51-216 to seek judicial review of an arbitrator's award.

ARTICLE 26

BULLETIN BOARDS

Section 1.

The City agrees to allow the Union to place one bulletin board in the main office or area accessible to employees for each single division department. In departments with multiple divisions, the union may place one bulletin board in each division's main office or area accessible to employees. The costs of the bulletin board shall be the Union's expense. The purpose of the bulletin boards shall be for the posting of notices limited to Union business, notice of meetings, seminars, work-shops, legislative updates, safety bulletins and other Union information. The bulletin boards shall be agreed to by both parties as to the size, type, and location placement in each office.

Section 2.

It is understood there shall be no material posted of a derogatory, libelous or inflammatory nature toward the City, its employees, its citizens, or others. It shall be the Union's responsibility to maintain the material posted on the Union bulletin boards, ensuring that the material posted is in conformity with this section. Further it is the Union's responsibility to ensure the prompt removal of outdated material and that the posting of material is limited only to the bulletin board. In the event information is posted that is not in accordance with this Section, the City Manager or his/her designee shall inform the Union.

Section 1. Incident/Injury Review Board

The parties agree that safe working conditions for all its employees can and must be attained through the use of proper protective equipment, proper safety and job training, frequent reviews and improvement in job safety practices and procedures, and conscientious supervision. The parties agree that a Local 3894 representative duly elected and appointed by Local 3894 shall be appointed as a member of the existing Incident/Review Board, with duties and responsibilities as outlined in City Council Policy Number 3-2.

Section 2. General Employees Safety Committee

The parties agree that there is a need for the development of safe working procedures for every job. In order to promote the advancement of employee safety in the design and use of all facilities, equipment, tools, and in the City's overall work environment, the safety program has been established, in accordance with Administrative Policy 3-23. To assist in carrying out the safety program, the General Employee Safety Committee was established pursuant to Administrative Policy 3-23. The parties agree that a Local 3894 representative duly elected and appointed by Local 3894, shall be appointed as a member of the existing General Employee's Safety Committee, with duties and responsibilities as outlined in Administrative Policy 3-23 and will not be a voting member in discipline decisions.

Section 3. City Vehicle Accident Review Board

The parties agree that all City vehicle operators should be properly licensed, and trained on safe driving procedures for the specific type(s) of equipment they operate, and that accident-free drivers are recognized and rewarded for their efforts. The Driver Improvement Program has been established in accordance with Administrative Policy 3-12. The City Vehicle Accident Review Board has been established to monitor the program with duties established pursuant to Administrative Policy 3-12. The parties agree that a Local 3894 representative duly elected and appointed by Local 3894 shall be appointed as a member of the existing City Vehicle Review Board with duties and responsibilities as outlined in Administrative Policy 3-12 and will not be a voting member in discipline decisions.

Section 4. Health Committee

The Employee Health Plan/Cafeteria Plan Review Committee is established to review the Health, Dental and Flexible Benefit plans in accordance with Administrative Policy 3-9. The parties agree that a Local 3894 representative duly elected and appointed by Local 3894 shall be appointed as the Union members of the existing City Health Committee with duties and responsibilities as outlined by Health Committee rules and regulations.

ARTICLE 32

RETIREMENT

1. Members of the AFSCME bargaining unit will continue to participate in the City's Employee Retirement System. The terms of the retirement benefit shall be as set forth in existing Division 17-3-4 of Article 17-3 of Chapter 17 of the City Code, subject to the following provisions:
 - a. For all employees hired on or after June 30, 2011, final pension benefits will accrue on a career average (year to year stand alone) method of calculation. For employees hired before June 30, 2011, the method of calculation will remain the pre-contract practice of the highest three (3) year average of one's last five (5) years of employment. The multiplier for all employees shall remain at 2.3% per year of service.
 - b. Employees, regardless of their date of hire, shall increase their contribution to the plan by 1% on June 27, 2011, to a total of 6.3%.
 - c. City shall increase its contribution to the plan by 1% on June 27, 2011, to a total of 10%.
 - d. Employees hired before June 30, 2011 will retain the benefits of the current retirement plan in effect prior to June 30, 2011. These employees, however, will pay the increased employee contribution rate [6.3%] set forth above.
 - e. The parties agree that a Local 3894 representative duly elected and appointed by Local 3894 shall be appointed as one of the seven Pension Trust Commissioners of the existing City Retirement System with duties and responsibilities as outlined Division 17-3-4 of the City Code and the Lawton Employee Pension Trust.
 - f. City is authorized to pass, amend or otherwise repeal any ordinance necessary to effectuate the terms of this article. City is further authorized to make only the ordinance changes that may be required from time to time to keep the retirement system in compliance with State and Federal law. Additionally, City may at its discretion pass any ordinance to unilaterally increase its contribution to the retirement system.
 - g. It is understood that from time to time the Pension Trust Commissioners of the Pension Trust make recommendations to the City Council for benefit and/or contribution adjustments to the retirement system. Following any such recommendation from the Pension Trust Commissioners, either Local 3894 or the City may request a meeting for the purpose of addressing the recommendation/s pursuant to Article 20.

2. Furthermore, it is understood that there is a difference of opinion between the parties on whether they are required to negotiate changes to the retirement system. Since the issue of the negotiability of the retirement system is currently under judicial review this article shall in no way constitute a waiver of either party's position regarding the negotiability of the retirement system, nor will it be used by either party to support their position. Should the final appellate decision find the City's retirement system not to be subject to mandatory bargaining, then this article shall cease to have any force or effect after the expiration of this agreement.

ADDENDUM B

1. New employees, except as provided in paragraph 2 below, shall start work at the A step of the grade to which their positions are allocated by the pay plan. Upon the successful completion of the introductory/probationary period, employees will be eligible for a pay increase to the immediate next highest pay step. Successful completion shall mean receiving a performance evaluation rating of standard or higher during the introductory period. Should an employee be hired initially in a step other than step A, the review time for a merit increase will be the introductory period or 6 months in step B which ever is longer and one year in all other steps.

2. Candidates for employment with clearly exceptional qualifications for the position may be employed at a step in the pay plan higher than step A. The department director has the authority to hire a new employee at step B. The department director may recommend to the city manager and city manager may approve hiring a new employee at step C or above.

3. Except as provided in paragraph 4 merit increases shall only be granted only on or after the annual anniversary date or the completion of the introductory period by the employee and only for an employee who has received a rating of standard or higher in the employee's most recent performance evaluation.

4. An out of cycle pay increase, upon the recommendation of the department director, may be granted by the city manager whose determination shall be final and not subject to the grievance procedure shown in Article 17. Such increases shall normally be of one step.

5. It is the duty of department directors and supervisors to identify exceptional workers and to recommend to the city manager that the exceptional workers be granted accelerated increases. Conversely, it is the duty of supervisors to withhold pay increases for employees whose performance is substandard. Individual performance evaluations are not subject to the grievance procedure shown in Article 17.

6. A. Effective December 27, 2010, City shall implement a three percent (3%) increase in base pay. Since the contract will be ratified on a date after December 27, 2010 the City will have a reasonable amount of time to effectuate any retroactive payments that may be necessary. For purposes of this paragraph a reasonable amount of time will mean that any retroactive payments required as a result of the aforementioned pay increase will be completed on or before March 31, 2011.

B. Effective June 27, 2011, City shall implement a two percent (2%) increase in base pay.

7. The pay charts attached hereto include the salary schedule for: (a) July 1, 2010 through December 26, 2010 (Addendum C-1), (b) December 27, 2010 through June 26, 2011 (Addendum C-2), and (c) June 27, 2011 through June 30, 2011 (Addendum C-3). The pay as indicated on the appropriate chart for each employee shall commence with the beginning of the pay period referenced on said chart. Certain employees paid pursuant to MG pay chart are exempt/salaried

employees and as such the hourly and annual pay rates referenced on the MG chart are for information only. Those employees paid by the GE pay chart are non-exempt/hourly employees shall be paid as indicated on the row marked hourly thus the rows marked bi-weekly and annual on the GE pay chart are for information only.
